

INTEC PRODUCTS, INC (XIAMEN).

May 15, 2020

To whom it may concern:

Dear Valued partners,

We, INTEC PRODUCTS, INC (XIAMEN). claim that the shelf life of Rapid SARS-CoV-2 Antibody (IgM/IgG) Test manufactured by InTec Products, Inc. (Xiamen) with batch number GJ20030284 and GJ20030288 is extended to 12 months according to below reason:

The 6 months of shelf life claimed in the IFU was based on a 1-month accelerated stability study. According to the 2-month accelerated stability study recently conducted has verified, we extended the shelf life to 12 months. Attached is the stability study report for your reference.

We are sincerely sorry for any inconveniences caused and we appreciate your kind understanding and supports as always.

Please feel free to let us know if you need further clarification.

Yours sincerely,
